

Salisbury Court Community Space

An opportunity has arisen for a non-for-profit voluntary and community sector organisation to lease and manage a new community space within a building owned by Unite Students. The Community space is within a modern and high quality development tucked between Holyrood Park and the Meadows housing almost 600 students. The chosen tenant organisation will be able to lease the space at a heavily subsidised rate and in return should benefit and actively engage with the local community. It may enable other voluntary and community groups to hire space.

Full details about the opportunity and how to apply can be found here <http://www.unite-group.co.uk/responsibility/salisbury-court-community-space>

The timeline for the tender process is as follows;
